Message from the President & CEO

On behalf of the Nova Scotia Gaming Corporation (NSGC), I am proud to provide our fourth annual Social Responsibility Community Report. This report demonstrates how NSGC has integrated the five pillars of its Social Responsibility Charter: *Responsible Gambling, Integrity and Security, Citizens and Communities, Corporate Governance, and Stakeholder Relationships*, into its operations.

The commitment to social responsibility ensures the gaming industry in Nova Scotia remains responsible and sustainable. Last year, NSGC was recognized internationally by the World Lottery Association for its responsible gaming standards and in 2009-10 we continued to build on that milestone. We expanded the boundaries of our knowledge and expertise by supporting groundbreaking responsible gambling research to determine how it fits with changing gaming technologies and global trends.

In 2009-10, we focused on our lottery retail operations, ensuring important programs moved forward, such as the Ticket Lottery Retailer Responsible Gambling Training Program and integrating the *My-Play* System into every video lottery terminal in Nova Scotia. It is through programs like these, and the additional 30 examples included in this Report, that NSGC remains a world-leader in responsible gambling.

I hope that in reviewing the information provided, you will have a better understanding of the gaming industry in Nova Scotia and how we have worked to serve our communities. We strive to have an industry that is responsible, progressive and accountable to the people of Nova Scotia, and we take great pride in our efforts.

Finally, I would like to take this opportunity to thank our operators, our many retailers and the entire team at NSGC for the commitment and dedication they have shown to running a socially responsible business. We look forward to continuing to enhance this area and maintaining our world-class gaming industry here in Nova Scotia.

Marie T. Mullally, FCA
President & CEO
